

KRISTIN STOCKLEY

Front-End Engineer

SKILLS

HTML | CSS | JavaScript | Express | Mongoose | MongoDB | Python | Django | React | PostgreSQL | Node.js | Bootstrap | Git | Github

SOFTWARE DEVELOPMENT PROJECTS

March 2023 - June 2023

SwiftSeats

Full-stack Django project for efficiently managing attended Taylor Swift concerts, ticket wish lists, and concert photos

- Performed full-CRUD data operations on PostgreSQL database
- Implemented complex relationships between models, including many-to-many and one-to-many relationships, to establish associations and enable seamless data retrieval and manipulation

CountMeIn

Full-stack MERN application for users to track and countdown upcoming events

- Performed full-CRUD data operations on MongoDB
- Developed reusable utility functions to enhance code modularity and maintainability
- Utilized React's useEffect hook to update the current time continuously, providing accurate countdown calculations

HSZ

Collaboratively worked with a team of two software developers to create a full-stack fitness tracker application

- Made RESTful API fetch calls to an Express, MongoDB, Node.js backend handling all create, read, update, delete (CRUD) operations, and tested all backend routes during development
- Included Google OAuth functionality to authenticate user access
- Utilized Git control during the production of the application with frequent commits until deployment

EXPERIENCE

FASTSIGNS of Corpus Christi — Promotional Products & Sales Manager

June 2019 - February 2023

- Solely managed a promotional products department including drinkware, office items, and event giveaways, resulting in a 15% growth in brand equity
- Spearheaded the implementation of a paperless workflow system resulting in increased team efficiency, productivity, and 70% reduction in paper usage
- Boosted brand loyalty by 20% through active participation in weekly membership organizations and cultivating relationships with the community, prospects, and customers

Visit Corpus Christi — Convention Sales Manager

April 2018 - April 2019

- Achieved a 95% customer satisfaction rate by ensuring end-to-end customer satisfaction, from initial turnover from sales through the post-event phase
- Managed convention inventory, including budget forecasting and product order management, with the aim and achievement of 10% reduction in costs

EDUCATION

General Assembly — Software Engineering Immersive

March 2023 - June 2023

University of North Texas — Bachelor of Science, Merchandising

August 2009 - December 2012
